## **DETAILED ACTION**

### ***Introduction***

1. This office action is in response to applicant's amendment filed 1/2/09. Claims 1-33 are currently pending and have been examined. Applicant's IDS have been considered. There is no claim to foreign priority.

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen Bachmann on March 5, 2009.

In claim 1, line 10, replace "language translation to generate" with - - language translation by a computer to generate- -.

In claim 1, line 14, after "determining" insert - -by the computer- -.

In claim 1, line 19, after "setting" insert - -by the computer- -.

In claim 1, line 23, after "condition;" insert - - and

outputting the modified current target language translation by the computer in response to the occurrence of the termination condition.- -

In claim 15, line 5, after "initial translation" insert - -by a computer- -.

In claim 15, line 7, after "initial translation" insert - -by the computer- -.

In claim 15, line 10, after "operators" insert - -by the computer- -.

In claim 15, line 15, after "determining" insert - -by the computer- -.

In claim 27, line 1, after "comprising:" insert - -a memory, the memory containing program instructions configured to be executed by a processor; a processor able to access and execute the program instructed stored in the memory;- -

***Allowable Subject Matter***

3. Claims 1-33 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The instant application is deemed to be directed to a non-obvious improvement over the invention patented in Poznanski (US 5,848,385) in view of Berger (US 6,304,841, which properly incorporates Brown et al, (Brown, US 5,477,451 ).

The Examiner notes, the reasons for allowance are explicitly detailed within applicant's Appeal Brief filed 6/16/08, see pages 17-28.

As indicated within the previous office action, and as the Appeal Brief is deemed part of the prosecution of the current application, the Examiner concurs with applicant stated distinctions between the closest prior art as listed above, and thus claims 1-33 are deemed allowable.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
